

PROFESSIONAL PROFILE

Mike Ellenburg

DIRECTOR OF FIELD OPERATIONS & CONSTRUCTION SAFETY

Mike Ellenburg is director of field operations and construction safety for the Greenville (SC)-based firm, **Carolina Safety Consultants**. In this role, Mike is responsible for developing and managing CSC's client relationships in the construction sector, providing a wide range of safety consulting services to general contractors and specialty contractors throughout the Carolinas. His ongoing activities include conducting weekly and random safety inspections at client jobsites to ensure workplace safety and compliance with the Occupational Safety and Health Administration (OSHA) standards.

Mike first gained experience as a safety instructor, and later as safety advisor, while serving in the United States Marine Corps. In addition to his construction safety background, Mike has served as a safety advisor for warehouse operations. Mike's personal knowledge and experience provides insight into applicable regulatory standards and interpretations, and assists management in providing a safe workplace — thereby positioning them for a competitive advantage in their respective industries.

Mike and CSC's leadership team have worked extensively with the region's leading general and specialty contractors. The company also has specialized expertise in healthcare and light manufacturing. Furthermore, a significant percentage of CSC's client base represents general business and industry, as well as certain types of government entities (e.g., counties and municipalities).

Carolina Safety Consultants works closely with regional and national safety-related organizations, including the Upstate Safety Alliance (South Carolina) and the National Safety Council.
